APNA Endorsed CPNP Psychiatric Pharmacy Review Course

In cooperation with the College of Psychiatric and Neurologic Pharmacists (CPNP), APNA is pleased to bring you another excellent educational opportunity. CPNP and APNA are working together to bring APNA members CPNP's Review Course in Psychiatric Pharmacy.

APNA members can access this Accreditation Council for Pharmacy Education (ACPE) approved distance education course at CPNP member prices. Both a for-credit and a no-credit (resource only) purchase option is being provided. The 20.0 contact hours of ACPE credit are accepted for American Nurses Credentialing Center Certification Renewal. Read on to learn more about this great APNA offer and register online at cpnp.org/apna or via fax or mail using the attached registration form.

Course Objectives

After completing this course, the participant will be able to:

1. Describe the etiology, risk factors, pathophysiology, and treatment of the following: schizophrenia and other psychotic disorders, neurological disorders, psychiatric disorders in children and adolescents, anxiety disorders, sleep disorders, substance use disorders, bipolar disorders, developmental disorders, psychiatric disorders in the elderly, eating disorders, personality disorders, seizure disorders, and depression.
2. Identify common signs and symptoms based on the DSM IV-TR criteria, the presentation, and clinical course of the above named psychiatric disorders.
3. Resolve drug therapy problems by modifying the pharmacotherapeutic plan and developing an appropriate monitoring plan for people with the above named disorders.
4. Develop a plan to prevent or manage adverse reactions and drug-drug interactions for patients receiving pharmacologic treatment for the above named disorders.
5. Provide appropriate patient and family counseling for people with mental illness. Assist patients in identifying organizations that provide support and advocacy.
6. Design an MUE, a plan to monitor for adverse drug reactions, and a plan for a new pharmacy service.
7. Apply the joint commission standards to psychiatric pharmacy practice.
8. Describe the role of the Institutional Review Board.
9. Analyze the biomedical literature objectively using biostatistics and drug literature evaluation principles.

The College of Psychiatric and Neurologic Pharmacists is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education. The 2010-2011 CPNP-APNA Examination Review and Recertification Course is a knowledge-based course and will provide 20 contact hours (2.0 CEUs) of continuing education credit. The ACPE universal program numbers assigned to the 20.0 contact hour Review Course are 0284-0000-10-032-H04-P (5.0 contact hours) and 0284-000-10-033-H01-P (15.0 contact hours).

The cost of this distance education program is \$320 at member rates and \$480 at non-member rates. The course is also available as a no-credit option at \$150 for members and non-members. Additional information on this course is available at cpnp.org/apna

Course Components Include

1. A book consisting of the 14 topics each containing a comprehensive outline on the topic area, expansive references, and self-assessment questions.
2. Online access to expert, case-based speaker presentations on the 14 topics.
3. Access to the CPNP testing center with exam submission due by December 31, 2011 (for-credit version only).
4. Twenty contact hours (20.0) of ACPE credit upon successful completion of the required examination (for-credit version only).

To review the presentations online, purchasers should have access to the following computer hardware and software:

- Minimum:
 - Internet Explorer 6+, Firefox 2+ or Safari 3+
 - 1024x768 resolution or greater
 - Adobe Flash Player 8+
 - 512MB RAM
 - Any Operating System capable of the above requirements
- Recommended:
 - Internet Explorer 7+, Firefox 3+ or Safari 3+
 - 1280x768 resolution or greater
 - Adobe Flash Player 10+
 - Windows XP/2000/Vista and Mac OS 10.4 or better
 - 512MB of RAM for Windows XP or Mac OS
 - 1GB of RAM for Windows Vista

Course Requirements

To satisfactorily complete the CPNP Review Course in Psychiatric Pharmacy (for-credit version) and receive 20.0 contact hours of ACPE credit, registrants must meet the following requirements:

- Abide by a confidentiality and honesty statement requiring individual completion of the Review Course.
- Complete an online assessment by the deadline of December 31, 2011.
- Meet the minimum passing score of 70% for the examination. Partial credit is not provided; your exam score must meet or exceed the cut-off score in order to receive the 20.0 contact hours credit.
